SUMMARY STATEMENT:

The School Board is being asked to approve the public sale of district property

ISSUE:

Board Policy governs the district's procedures for the dispossession of district property, which requires Board approval and sale by sealed bid auction for items over \$1,000.

BACKGROUND:

The district owns a pickup truck bed-mounted Meyer spreader for use during winter weather. However, the maintenance department reports this item has been underutilized. Instead, the maintenance department's need is for an additional snow plow. The under-utilized equipment is being recommended for sale to help cover the cost of an additional snow plow.

RECOMMENDATION:

Approval of the sale by public auction of the maintenance department Meyer spreader.
