SUMMARY STATEMENT: The Board is being asked to approve a revision to the approved FY23 operating fund budget to account for the reduction in the local discretionary contribution provided by the Ketchikan Gateway Borough.

ISSUE: Adoption of a budget recommendation reflecting revenue and expenditure changes is required per Board Policy 3000(a). Per BP 3100: "The district budget shall be prepared annually from the best possible estimates of revenues and expenditures. The Superintendent or designee shall determine the manner in which the budget shall be prepared and shall schedule the budget adoption process in accordance with legal time requirements." Changes in revenue required changes in budgeted expenditures to create a balanced budget.

BACKGROUND: On April 27, 2022 the Board of Education approved the FY23 Operating Fund budget with a request to the Ketchikan Gateway Borough of local contributions in the amount of \$11,769,387. This amount reflected an additional \$1.1 million request by the District to address the District's health insurance reserve fund deficit. At the regular Borough Assembly meeting of May 2, 2022 the Borough Assembly directed Borough staff to prepare an ordinance that funded the District's discretionary request to the maximum limit that did not dip into the \$2 million fund reserve nor require a supermajority vote of the Borough Assembly. On May 16, 2022 the Borough Assembly approved Ordinance 1981-substitute approving \$48,058,759 total spending authority for the School District and determining that a total of \$11,845,134 shall be made available from local sources, which includes \$5,318,687 for the required local contribution, \$6,094,926 as local discretionary funding, and \$431,521 as school building insurance and other in-kind services. As a result, the School Board must approve a balanced budget that accounts for the reduction of \$355,774 in local funding.

## RECOMMENDATION:
