# SUPERINTENDENT LETTER

Dear School Board Members,

First, welcome to our new school board members, Mr. Hodne and Ms. Anderson. I look forward to working with you and also the opportunity for being able to sit down with you soon to answer any questions you may have as you begin your time on the school board.

The week of October 12-16 the schools held their parent/teacher conferences. It has been reported that the turnout was strong and reports were delivered in person and/or via Zoom meetings. All schools have reported that their attendance rates were up from years past due to the Zoom meetings and even though not seeing someone in person was hard, being able to meet with them via Zoom proved beneficial.

I also want to thank the KGBSD parents and students throughout the district. Your comments, calls and support while the district is assisting with your child's needs, illnesses, quarantines and schooling options has been very appreciated. We welcome your feedback; we take the feedback seriously and use it to drive decisions to the best of our capability.

### COVID UPDATE

The past two weeks have been focused on maintaining the balance of normal operations and procedures with COVID operations and procedures. I have been in numerous meetings with state officials, superintendents, COVID committees and partner agencies. In addition to these weekly scheduled meetings I am happy to report we have added another meeting to the calendar that is called the medical team meeting. This team is made up of two local physicians, Ketchikan Public Health, Ketchikan EOC, Alaska State Physician and school district representatives.

The purpose of the medical team meeting is to work collaboratively with medical professionals in Ketchikan to make sure communication to the community is consistent, protocols are in place or strengthened when we have a positive COVID case, our messaging around our screening protocols are consistent and the best avenue of trying to make sure all students and staff are safe and healthy and making sure we are all doing our part to mitigate the spread of COVID.

A welcome and exciting addition to our KGBSD family and medical team are the two district nurses that are presented on the agenda for approval for hire. We are very excited to welcome both nurses to our district not only long term but also while we are all navigating through COVID. Each nurse will be housed at the district office but working with each school buildings health aides to address not only COVID situations and questions but training and addressing everyday medical situations that are encountered in a school setting.

CURRICULUM UPDATE: EACH YEAR THE DISTRICT REVIEWS CURRICULUM. THE CURRICULUM CYCLE IS BASED ON A SIX YEAR CYCLE. DUE TO THE ADOPTION OF NEW SCIENCE STANDARDS AT THE STATE LEVEL AND AN URGENCY TO ADOPT NEW ELEMENTARY ELA CURRICULUM THAT WAS ALIGNED TO STATE STANDARDS AND ASSESSMENTS THE CURRICULUM CYCLE WAS ADJUSTED THE PAST TWO YEARS. BELOW OUTLINES THE NEW CYCLE:

KGBSD Curriculum	Last	Next
Content Standards	Revision	Revision
World Language	2014-2015	2020-2021
Library - Information Literacy	2014-2015	2020-2021

<u>Swimming</u>	2017-2016	2023-202 <del>1</del>
<u>Vocational</u>	2018-2019	2024-2025
<u>Science</u>	2019-2020	2025-2026

Cultural Standards: Cultural standards serve as a complement to content standards. Content standards stipulate what students should know and be able to do; cultural standards provide guidance on how to engage students in learning through the local culture. We recognize all forms of knowledge, ways of knowing, and world views as equally valid, adaptable, and complementary to one another in mutually beneficial ways. These cultural standards are not intended to be inclusive, exclusive, or conclusive, and should be reviewed and adapted to fit local needs.

Curriculum meetings are scheduled to begin the first part of November.

# SECURITY UPDATE

During the week of November 16th thru 20<sup>th</sup> we will have Security Risk Management Consultants, LLC (SRMC) from Columbus, Ohio, onsite and completing a safety analysis of our district. They are highly qualified in their field and have been in business for 31 years. The last time the district had a comprehensive review completed was in 2011, which is often referred to as the Safe Haven report. This review was recommended by the district safety committee during the 2019-2020 school year. The company was contacted in February/March of 2020 but due to COVID put traveling on hold.

# THE SCOPE OF THE WORK INVOLVES:

- The Scope of their work involves:
- I ) Conducting a comprehensive review of security programming at all the Ketchikan Gateway Borough School District locations.
- 2) A physical evaluation of all the schools including perimeter controls, access management/controls for employees, visitors, and vendor ID processes, vehicular and pedestrian control, parking lot security, lock and key control, master key control and distribution, facility and building perimeters, and other security programs.
- 3) SRMC will review all the security technologies (access control, video surveillance, intrusion detection, duress alarms, mass notification, etc.) to determine if they are properly designed, installed, integrated, operated, and updated to ensure optimal efficiency and effectiveness and to identify opportunities for internal technology and operational standards development, future upgrades and/or replacements, and improved utilization, resiliency, and redundancy.
- 4) Review security staffing and assignments (if any exists). Assess staffing levels based on position descriptions, job duties, utilization, and performance expectations, as security programs in many organizations include main lobby reception duties as well as other non-traditional security tasks.
- 5) Review current security-related policies and procedures to include responses to a security incident, workplace violence, armed intruder, lock down situations, and bomb threats to determine best practices. This also includes reviewing emergency planning, exercises, critiques, and process improvement plans.

# CONTINUED....

- 6) Review incident reports, local crime statistics and utilize other tools such as CAP Index CRIMECAST report to more fully understand security and crime-related issues at each school and the existing relationship with local law enforcement, as well as their response capabilities. SRMC will review all incident reports to evaluate the types of reports that are being generated to determine and categorize types of incidents and the impact to each school.
- 7) Review new staff orientation and security awareness training and security-related staff training programs after on boarding. Information related to any security training provided during staff orientation or through other programs.
- 8) Interview key stakeholders identified by School Administration. Identifying the current strengths and weaknesses, validate threat and risk assumptions, determine how existing policies, procedures, and practices are being executed to see if they are achieving the desired results, Identify unrecognized and unaddressed security vulnerabilities and determine opportunities for improved education and training at all levels.

•

Lastly, we have held and will be holding our first quarter standing committee meetings in the areas of safety, transportation, calendar, insurance and wellness. The main purpose during the first meeting is to review policy and set a plan for addressing items related to each committee. We are also beginning the work of forming an evaluation committee to continue reviewing our teacher evaluation tool.

As you can see the balance of normal tasks and COVID tasks can be daunting but with a good team of support and everyone working towards the common goal of educating our students, it is well worth the time.

Beth Lougee, Superintendent

# SUPERINTENDENT GOALS INSTRUCTION (CREATE A SYSTEM OF WHAT OUR STUDENT KNOW BEYOND STANDARDIZED TESTS)

Increase student achievement, close the achievement gap and increase graduation outcomes for each demographic measured by:

- Increase the rate of Kindergarten students entering school ready for Kindergarten as measured by the Alaska Developmental Profile and other Kindergarten Ready Assessments.
- Increase the number of students reading at grade level by 3<sup>rd</sup> grade. (Students in the district will read at grade level by the end of the third grade.)
- Students will demonstrate gains in proficiency in math, reading and science by decreasing the number of students who scored below or far below proficient and increase the percentage of students who scored proficient and advanced on Alaska Statewide Assessment, in all subgroups. (Improvement of standardized test scores district wide).
- Increase the four year graduation rate for each school as compared to the previous year or maintain graduation rate at 95% or better.
- Decrease the dropout rate for each school as compared to the previous year.
- Decrease the dropout rate for the district as compared to the previous year.
- Increase the number of schools who maintain a 95% attendance rate or increase its attendance rate by 20% or more as compared to the previous year using end of the year data.

# SUPERINTENDENT GOAL SAFETY

### Safety:

Implement comprehensive district and school safety plans that include outside agencies with a continuous review of policies and procedures.

- Complete the KGBSD Comprehensive Safety Plan.
- Review and revise the plan by holding a minimum of (4) four Safety Meetings per year.

# SUPERINTENDENT GOAL

TRUST (CREATING AND RESTORING A CULTURE OF RESPECT FOR EDUCATION AND TEACHING PROFESSION)

### **Trust**

- Increase community organizational outreach.
- Increase use of radio and other media informational campaigns about (I) education-related topics, and (2) successes of the district.

# SUPERINTENDENT GOAL BUDGET

### **Budget (Budgetary Goal)**

- Maintain fiscal responsibility and long term planning working closely with the business manager to develop and present
  a responsible budget that provides resources needed to maintain a quality education while ensuring fiscal
  responsibility.
- Present a budget to the board that is balanced, student-focused and eliminates or reduces the use of fund balance.
- Support the Board in the identification and drafting of policies per objectives of strategic plan.
- Develop a technology plan that includes a students and staff rotation plan. (District consistency in technology and learning management)

#### Addition:

Increase educator retention throughout the district with a strong mentoring program.
