SUMMARY STATEMENT: The Board is being asked to approve materials for K-12 math instruction.

ISSUE: The K-8 Envision Math curriculum is at the end of its current (6) six-year cycle; and the Kayhi textbooks have not been updated in approximately 12 years.

**BACKGROUND:**

The math committee, comprised of elementary, middle and high school teachers and two school board members reviewed math curricula in the fall and winter of this school year. The K-2 group decided they wanted to pilot Illustrative Math, which they did. In the end K-8 grades recommended sticking with Envision Math. The high school math department reviewed textbooks from different vendors, class by class. Most of their recommendations were from Savvas, but 2 are from Houghton Mifflin.

The breakdown for the six-year purchase is as follows:

K-8 Envision \$244,545.40  
 High School Savvas textbooks \$89,591.88  
 High School Houghton Mifflin textbooks \$11,151  
 Total: \$345,288.28

RECOMMENDATION: Approval of the math curriculum for K-12 instruction in the amount of: \$345,288.28.

FISCAL NOTE: The curriculum came with the teacher modules so there will not be an additional expense.

EXPENDITURE	AMOUNT
REQUIRED <u>\$345,288.28</u>	AVAILABLE* <u>\$157,429.82 – FY22</u>

*\*Current remaining (unencumbered) curriculum materials budget is \$157,429.82. The District is able to negotiate with the vendor to make payments between the current and upcoming fiscal year. If this ends up not being permissible, District admin will present the Board with a budget revision request to encumber the whole amount in the current fiscal year.*
