RECOMMENDED ACTION:

"I move that the Board of Education **approve revisions to Board Policy 1312 Public Complaints Concerning the Schools, in first reading.**"

The School Board believes that ~~the a~~ quality ~~of the~~ educational program ~~can improve~~ is dependent upon a strong relationship with its communities. The School Board further believes that improved student success results when the district listens to complaints, considers differences of opinion, and resolves disagreements through an established, objective and culturally responsive process.

The School Board encourages persons complainants to resolve problems early and ~~as directly as possible with the person against whom there is a complaint informally whenever possible. The School Board expects that all district staff who respond to complaints and resolve problems will do so in a manner that is culturally responsive and is not influenced by discrimination or biases.~~ If a problem remains unresolved, the individual should submit a formal complaint to the appropriate administrator as early as possible in accordance with appropriate district procedures. District procedures shall be readily accessible to the public and if needed, should be available in languages which parents use and understand.

Individual Board members do not have authority to resolve complaints. If approached directly with a complaint, however, School Board members should also demonstrate cultural responsiveness while listening to the complaint and ~~show their concern~~ providing assistance by referring the complainant to the Superintendent or their designee so that the problem may receive proper consideration and due process.
