AGENDA STATEMENT

No. 11 b.

MEETING OF April 24, 2024

REVIEWED BY:

ITEM TITLE:

PUBLIC HEARING - BUDGET

Motion to approve the FY2024-2025 Budget
in first reading.

Superintendent

Personnel

Finance

SUBMITTED BY: Daniel Schuler, Business Manager, 907 247 2116

APPROVED FOR SUBMITTAL: Michael Robbins, Superintendent 907 247 2109

SUMMARY STATEMENT:

The Board is being asked to approve the Fiscal Year2024-2025 Budget in first reading as presented.

BACKGROUND:

The proposed budget includes a proposed level of programming according to student ratios, school needs, and program goals as identified by school administrators, directors, district administration, and the Board's Finance committee within the funding levels of the current State of Alaska Foundation Formula with a Base Student Allocation of \$5,960 and the Borough Assembly budget for the Local Education Fund of \$11,435,456 plus \$355,000 for an in-kind appropriation for property insurance.

ISSUE:

Per Board Policy 3100, the Board shall establish and maintain a balanced budget. Adopting a budget requires two public hearings, the first taking place on April 24th. The Board shall adopt an annual budget which is compatible with the District Strategic plan and projected revenues.

RECOMMENDATION:

Approval of the FY2024-2025 draft budget.

ATTACHMENTS:

- FY2024-2025 Proposed Budget 2.0 document

RECOMMENDED ACTION:

"I move that the Board of Education approve the draft FY2024-2025 Proposed Budget, in the amount of \$38,491,312 for the Operating Fund and \$7,247,822 for the Special Revenue Fund for a combined total amount of \$45,739,134 in first reading.

April 18, 2024 - UPDATED BUDGET EXECUTIVE SUMMARY AND BUDGET DRAFT

The FY2024-2025 Proposed Budget was reviewed during a Board of Education Work Session at the April 10, 2024 regular Board meeting. At that meeting, the District Administration was provided direction to being working on measures to bring the proposed spending plan for FY2024-2025 in line with the estimation of revenues received based upon the Foundation Formula Base Student Allocation remaining at \$5,960. That direction meant that at least from a thirty-thousand-foot view how \$5.2 million could be eliminated from the initial spending plan brought forth to maintain the current educational programming and provide for some health insurance debt repayment to the Borough and a restoration of an unrestricted fund balance.

Additionally, after the FY2024-2025 Budget was presented during a Board of Education Work Session at the April 10, 2024 regular meeting, the District Administration has had the pleasure of working with the Board of Education’s Finance Committee at their meeting on April 17th and participating in the Board of Education/Borough Assembly Liaison Committee Meeting held on April 16th.

Based upon communication and conversations at both of those meetings, the District Administration has been tasked with generating even deeper cuts to match the level of budgeted funding by the Borough Assembly for the Local Education Fund, and amount less than the combined required and discretionary cap calculation in the State of Alaska’s Foundation Formula.

The first fourteen (14) pages of this updated document provide “menu options”, if you will, of general areas in which the District could achieve \$6.410 million in cost reductions. If the Legislature and Governor are unable to reach some consensus on increased education funding for FY2024-2025, the impact on current operations would be immense, profound and likely touch multiple future fiscal periods with respect to regaining the strides made over the past two years.

April 4, 2024

Ketchikan Gateway Borough School District (KGBSD) has set forth to create a budget designed to continue the advancements and achievements of its educational program for Fiscal Year 2024-2025. Given the current legislative landscape, it has been a daunting task of dealing with knowns that are detrimental to moving the educational program forward and unknowns that are uncomfortable on which to build a spending plan.

KGBSD is extremely interested in maintaining, at a minimum, and building upon the following list of achievements that the Board of Education, Administration and Staff believe are important for shaping our students for the future:

➤ Increased Graduation Rate	➤ Decreased Drop-out rate
➤ Special Education Compliance	➤ Graduation plan for off-track students

➤ READS Act Implementation	➤ Creation of a Multi-Tiered System of Support
➤ Mental Wellness Program	➤ Credit Recovery Program
➤ Advancement Via Individual Determination	➤ Reduction of Suspension %s
➤ Trauma Engaged Practices driven Code of Conduct Implemented	➤ Building upon existing Community and Tribal Relationships
➤ Strategic Planning & Policy Development	➤ Career and Technical Education

As seen in the list of achievements is strategic planning. The Board of Education, Administration, Staff, Students and Community members recently embarked on the creation of a new set of strategic goals to drive decision-making in the district. Those goals are as follows:

- Goal #1 – Graduation Rate

KGBSD will increase student graduation rate to 90%.

- Goal #2 – Growth

50% of students in grades 3 through 9 are expected to achieve their targeted growth scores in both reading and math assessments.

- Goal #3 – Proficiency

60% of students in 4th and 8th grades who have been students in the KGBSD for five or more years or will score proficient in reading and math.

- Goal #4 – Communication

Establish and implement a comprehensive communication plan with standardized processes and tools.

- Goal #5 – Social-Emotional Goal

Students will respond with average % positive ratings on questions regarding Socio-Emotional Learning.

- Goal #6 – Career & Technical Ed. (CTE)

Create fully developed pathways in the current CTE areas.

KGBSD wants to set an educational environment that is challenging and stimulating for every student that crosses a threshold into a KGBSD school site or participation in its correspondence offering. KGBSD believes that by doing so it can move the needle on the accomplishments and strategic goals mentioned above. However, there is a reality that in order to accomplish those goals, a solid fiscal plan needs to be shaped and followed. That reality is tied directly to the established Foundation Formula that directs educational funding in the State of Alaska.

Sadly, that formula has not seen a significant increase to its main component, the Base Student Allocation (BSA) in nearly a decade. Without a change in the BSA, each and every district in the State of Alaska will in the vast majority of cases receive either the same amount of funding or less in Fiscal Year 2024-2025 in comparison to Fiscal Year 2023-2024. The two-tiered explanation for that is no change in the BSA and the fact that the legislator, and the Governor to some extent, recognized the need for additional educational funding in Fiscal Year 2023-2024 but provided that additional funding on a one-year basis outside the Foundation Formula.

The Business Office has been working diligently on a set of assumptions for both revenues and expenditures to drive forward the revised spending plan, or budget, from Fiscal Year 2023-2024 into a plan to support the achievements and strategic goals outlined above. The expenditure portion of the budget was developed independently of any revenue assumptions. It has been purposely created to present what the reality is with respect to supporting the educational programming of KGBSD. The expenditure budget, as presented, can only be supported by a significant increase in the BSA of the Foundation Formula. Absent that taking place, KGBSD will need to go through a cost cutting process that will lean extremely heavy on personnel given that salaries and employee benefits account for 87.26% of the overall Operating Fund expenditures.

Major Revenue Assumptions:

- Foundation Formula:
 - District Projected K-12 Enrollment – 1,966.42 (Cohort Survival Projection Methodology)
 - ADM historical % district enrollment factor - .36% (9-year average)
 - District Projected Average Daily Membership – 1,973.46
 - Projected number of special education intensive students – 123
 - Borough In-Kind Contribution (Property Insurance) – \$315,000
 - Projected Legislative BSA Adjustment - \$800

- Other Operating Fund Revenue Assumptions:
 - Medicaid Reimbursement - \$150,000
 - Interest Income - \$185,000
 - Other Local Revenue - \$75,000
 - On-behalf TRS/PERS State payments - \$2,396,000
 - E*Rate USAC - \$214,000
 - Other State Revenues - \$15,000
 - Other Federal Revenues - \$15,000

KGBSD GRADUATE:

Major Expenditure Assumptions:

- Salaries:
 - District Personnel covered under the following negotiated agreements moved on the corresponding salary schedules per the negotiated agreements:
 - KEA Teachers

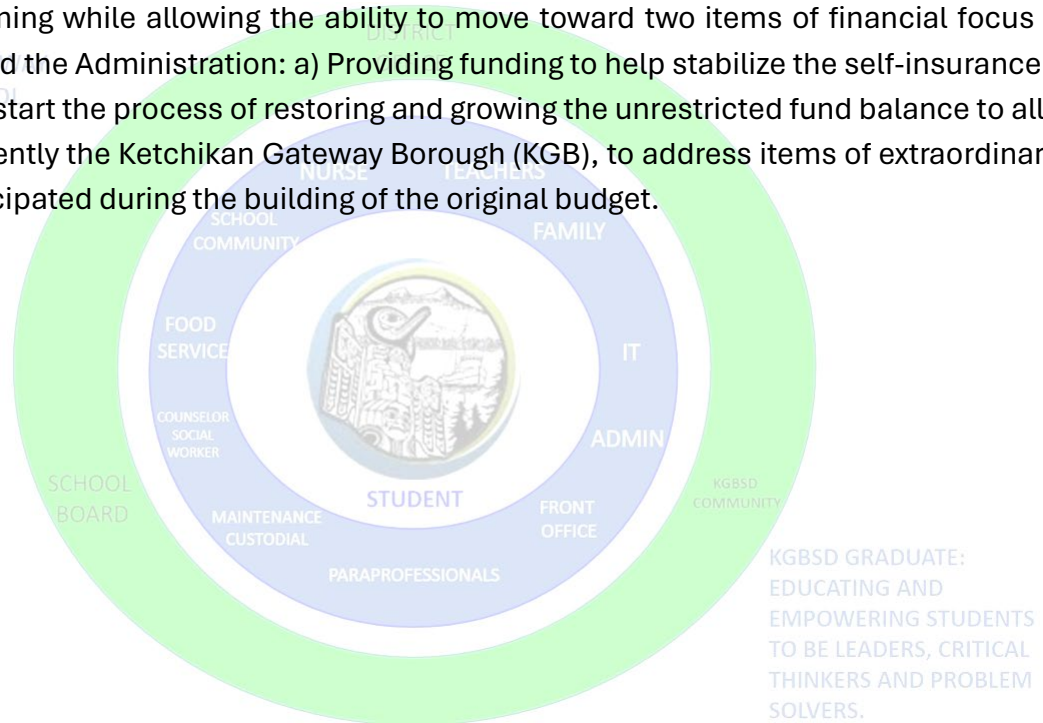

- KEA ESP Support Personnel
 - KEA SSPK Staff
 - KLO Administrative Staff
 - IBEW Maintenance Staff
- District Personnel covered under expiring negotiated agreements and on non-negotiated salary schedules moved on those corresponding salary schedules and adjusted using a cost-of-living adjustment factor
- District Personnel not covered by any of the above situations had their compensation levels adjusted per a cost-of-living adjustment factor
- Current open positions salary amounts were set by an average of the employee groups to which they belong (ie Teacher = average of all teaching staff covered under KEA agreement)
- Attrition may not be replaced on a one for one basis
- Extra duty line items maintained at existing levels
- Sub pay structure maintained at current pay levels
- Employee Benefits:
 - Health and Welfare insurance (medical, dental, vision, life) premiums have been increased by 10%. The insurance renewal has been locked in at 8%, but the employee contribution is capped at an increase year over year at 2% per negotiated agreements
 - Current census data has been used to allocate total health and welfare insurance premiums
 - Open positions are assumed to be filled by a new staff member taking the health and welfare insurance
 - On-behalf State covered pension contributions maintained at Fiscal Year 2023-2024 levels
 - Assumes no changes to the following payroll tax and pension contribution %s:
 - FICA (7.65%)
 - Medicare (1.45%)
 - TRS Employer Pension Contribution (12.56%)
 - PERS Employer Pension Contribution (22.00%)
 - Workers' Compensation and Unemployment line items have been maintained at Fiscal Year 2023-2024 after review of current year WC premium audit and account activity
- Utilities/Services/Supplies & Equipment:
 - All utility accounts current year activity was reviewed and projected based upon current utility rates and consumption
 - All contractual relationships in the areas of maintenance, technology and rental space have been included at their contractual amounts. Special Education contracts have been maintained at Fiscal Year 2023-2024 levels pending a finalization of estimated need

for Fiscal Year 2024-2025 and the hiring of additional staff to forgo those contractual relationships

- Supplies, Materials and Equipment have been maintained at FY2023-2024 levels except in situations where lease agreements are in place

- Two new line items have been added that were not included in the Fiscal Year 2023-2024
 - The addition of a placeholder of \$500,000 for the potential repayment to the Borough for cost overruns in prior fiscal periods in the self-insurance fund for health & welfare insurance
 - The addition of a placeholder of \$315,730 for the potential restoration of an unrestricted fund balance

Putting all of those assumptions together, the following results materialize that maintain the current educational programming while allowing the ability to move toward two items of financial focus for the Board of Education and the Administration: a) Providing funding to help stabilize the self-insurance health & welfare fund and b) start the process of restoring and growing the unrestricted fund balance to allow the District, and subsequently the Ketchikan Gateway Borough (KGB), to address items of extraordinary need that could not be anticipated during the building of the original budget.

SOLVERS.

These assumptions produce a balanced budget while maintaining our current level of educational programming that is producing favorable outcomes in a vast array of benchmarks and provides the necessary funding for self-insurance health & welfare fund stabilization and Operating Fund unrestricted fund balance restoration.

The drawback? It requires legislative action and Governor approval for increased education funding throughout the State of Alaska. In fact, it would require either a permanent BSA increase of \$800 or the equivalent outside the Foundation Formula cap calculation funding route that has been taken by the legislature and ultimately the Governor the preceding two fiscal years.

It would also require full local funding from KGB. Local funding approved by KGB comes in two different forms as designated by the State of Alaska Foundation Formula. The first is the Required Local Contribution which is tied to the mil rate on property within the Borough's taxing boundaries. The second

is a Discretionary Contribution which is, as the name suggests, a discretionary amount that may or may not be approved by KGB. The following two graphics show how the lack of funding at the State level continues to put pressure on the local component as inflation will continue to decrease power regardless of where the funding shortfall occurs.

So, the focus shifts back to Juneau. Can the Legislature and Governor finally work together to arrive at the fact that it is time to step up and fund education properly and in the same vein as other State departments have been funded in recent years:

A “fiscal cliff” has been discussed in recent years and that cliff has reached for the vast majority of school districts in Alaska, which is why recent surveys have pegged the necessary funding to replenish the lost purchasing power due to inflation over the last decade is not the \$800 used in this document for a permanent BSA increase, **but \$1,430.**

Early on in the current Legislative session there was appetite for a permanent BSA increase of \$680 but that measure, passed as part of a larger package of education reform items, was overridden by the Governor. The Governor has two items related to education reform that he wants to see brought forward in an education reform bill: Charter School approval changes and a pilot program aimed at teacher retention and recruitment throughout the State of Alaska.

KGBSD will eagerly watch, while continuing our collective efforts as a Community to voice our position for the need to address education funding in a big way, from the sidelines as the Legislative session advances and plays out with certainly multiple reiterations of the items listed above included in multiple pieces of legislation until a final compromise is reached, moved forward, passed and forwarded to the Governor for his consideration. Success!

But what if that does not happen? What happens if no compromise is reached and no additional funding for education is forthcoming from Juneau? The picture of that scenario is contained in Appendix \$5,960 and it is not a pleasant one. With a BSA flat funding level of \$5,960, KGBSD would receive \$2.4 million **less** in State Foundation Formula funding than it did in Fiscal Year 2023-2024. That would necessitate changes

In the event of this situation coming to fruition and the Legislature and Governor cannot move forward on funding Education beyond the current BSA of \$5,960 in statute, the District will be forced to take catastrophic measures.

At their April 10th meeting, the Board of Education will review and consider a Reduction in Force Plan to anticipate necessary steps in this event.

Working backwards, the first two line items to be eliminated would be the repayment of the existing health care obligation to the Borough (\$500,000) and the restoration of an unrestricted Operating Fund fund balance (\$315,730).

The remaining deficit amount, approximately \$4.15 million, would need to be eliminated with the largest

Steps To

What happens in Juneau, however, does not typically happen on a timeline that is consistent with the actions needed by the Board of Education and the Borough Assembly. The Board of Education is required to approve a budget to send to the Borough Assembly for their consideration as to whether or not and to what extent that they can and will provide funding above and beyond the required local contribution of the State's Foundation Formula by May 1st of each year. The Borough Assembly is then required to consider and make its determination on what level of spending authority they will approve by the end of May each year.

The issue with that timeline is that the Legislative session will run into the middle of May each year and typically the State’s funding bill is not approved by the Legislature until the final days of the session and the Governor then has three weeks to decide whether or not to approve the bill, or, approve the bill but with line item veto changes, as he did last year in slashing the Legislature approved funding level of \$680 outside the Foundation Formula cap by 50%.

So, for now, this document presents KGBSD’s best effort to craft a budget using assumptions with a solid basis except for its two primary revenue sources that account for approximately 98.5% of its annual Operating Fund revenue budget on an annual basis.

In the event of this situation coming to fruition and the Legislature and Governor cannot move forward on funding Education beyond the current BSA of \$5,960 in statute, the District will be forced to take catastrophic measures.

At their April 10th meeting, the Board of Education approved a Reduction in Force Plan and directed the Administration to build a budget off of a Foundation Formula based on a BSA of \$5,960.

After the Board of Education/Borough Assembly Meeting on April 16th and the Board of Education Finance Committee Meeting on April 17th, the District Administration was directed to make changes to the assumption of the funding that will be provided from the Borough Assembly through the discretionary local contribution component of the State of Alaska Foundation Formula.

Working backwards, the first two line items to be eliminated would be the repayment of the existing health care obligation to the Borough (\$500,000) and the restoration of an unrestricted Operating Fund fund balance (\$315,730).

The remaining deficit amount, approximately \$4.78 million, was eliminated with cuts shown in salaries, employee benefits, activities, extra duties and non-student travel.

In the event of this situation coming to fruition and the Legislature and Governor cannot move forward on funding Education beyond the current BSA of \$5,960 in statute, the District will be forced to take catastrophic measures.

At their April 10th meeting, the Board of Education approved a Reduction in Force Plan and directed the Administration to build a budget off of a Foundation Formula based on a BSA of \$5,960.

After the Board of Education/Borough Assembly Meeting on April 16th and the Board of Education Finance Committee Meeting on April 17th, the District Administration was directed to make changes to the assumption of the funding that will be provided from the Borough Assembly through the discretionary local contribution component of the State of Alaska Foundation Formula.
