DISCUSSION

a. FY 2024-2025 budget

President Bradford shared the funding that had been approved at the Borough, and shared that they had not approved any of the discretionary fund. He stated that our district will have to start to work with the money we are certain we have, and this would cause a reduction in staff of up to 95-100 people total, along with many significant changes in the district. Superintendent Robbins and President Bradford both shared that this is only the plan if KGBSD receives no additional funding. Several board members discussed the impacts the budget would have on the district and the local economy, and how cuts to teaching staff would not support the Strategic Plan.
