The district shall provide a comprehensive program of health and safety that educates students regarding the recognition and avoidance of sexual abuse and dating violence and includes parents in prevention and intervention services.

A. Sexual Abuse and Sexual Assault Awareness and Prevention

The District will provide age-appropriate information to students in grades kindergarten through twelve to teach students the difference between appropriate and inappropriate conduct in situations where sexual abuse could occur, and to identify actions students may take to prevent and report sexual abuse or sexual assault.
2. Students will be informed of referral and resource information, including the availability of student counseling and educational support.
3. The Superintendent will implement various methods for increasing teacher, student, and parent awareness of issues regarding sexual abuse of children.

B. Dating Violence and Abuse Awareness and Prevention

1. The District will provide age-appropriate information to students in grades 7 through twelve to teach students the characteristics of healthy and respectful relationships, the warning signs of dating violence and abusive behavior, and measures to prevent, report, and stop violence and abuse.
2. Students will be educated about youth violence prevention that reinforces nonviolent solutions to problems so as to recognize and avoid the threat or use of physical, sexual, verbal, emotional, or psychological abuse to control the person's dating partner.
3. Students will be informed of community and District resources available to victims of dating violence and abuse.
