

SITE SELECTION AND DEVELOPMENT

The School Board believes that site selection and development starts from the premise that the school is an integral part of the total community. The Board in cooperation with the Borough Assembly will solicit community input whenever a school site is to be selected. Besides serving our district's educational needs, an adequate site should show potential for contributing to other community needs and functions. In addition, the following factors shall be considered:

1. Size of lot, current and future parking needs and outdoor facilities, such as tracks and fields.
2. Soil and gradation considerations.
3. Access to utilities.
4. Conflicts with existing traffic patterns.
